

MASK RECOMMENDATIONS

Due to the recent rise in covid cases, the council has made a modification to our mask policy at the church. Starting August 14th, we are strongly suggesting that everyone wear a mask while in the church building regardless of their vaccination status. We will have several options for worship going forward. Saturday evening worship will be held outside weather permitting. For Sunday morning worship we are asking everyone to wear a mask and we will continue to broadcast our Sunday morning service online for those of you who would prefer to worship from home.

If you plan on attending Saturday evenings, please bring your own chairs and check the weather forecast beforehand. If the weather prevents us from meeting outside, please join us inside while following our new mask policy.

As always, we are following the guidance of the CDC and our local authorities, and we will update this information with any further changes to this policy as soon as possible.
